

# wooclap

Pamācība tīmekļa vietnes wooclap.com lietošanai

Pamācības autore: Liāna Kravcova

# Kādam nolūkam lieto WOOCCLAP?

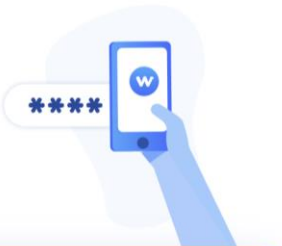

- 🧠 Wooclap ir interaktīva tīmekļa platforma, kas izstrādāta, lai veicinātu katra dalībnieka iesaisti nodarbībās, apmācību sesijās un sanāksmēs, pārvēršot viedtālruņus un datorus par mācību rīkiem.
- 🧠 Tā ļauj prezentētājiem uzdot auditorijai jautājumus reāllaikā, uz kuriem auditorija var nekavējoties atbildēt, izmantojot tīmekļa pārlūkprogrammu, QR kodu vai īsziņu.

# Notikuma izveide

Lietotāja saskarne ir intuitīvi saprotama lietotājam: arī iesācējam būs skaidrs, kā izveidot notikumu/jautājumu vai kur meklēt palīdzību.

# Palīdzības un atbalsta sistēma

Vietne piedāvā lietotājam atbalsta sistēmu, kura paredz pamācības iesācējiem video formātā un iespēju uzdot jautājumus palīdzības centra operatoriem.

Do you have a question? Want to discover other Wooclap features? Look here!

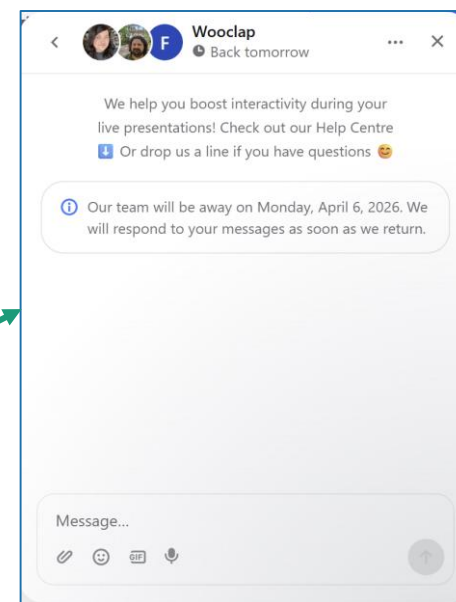

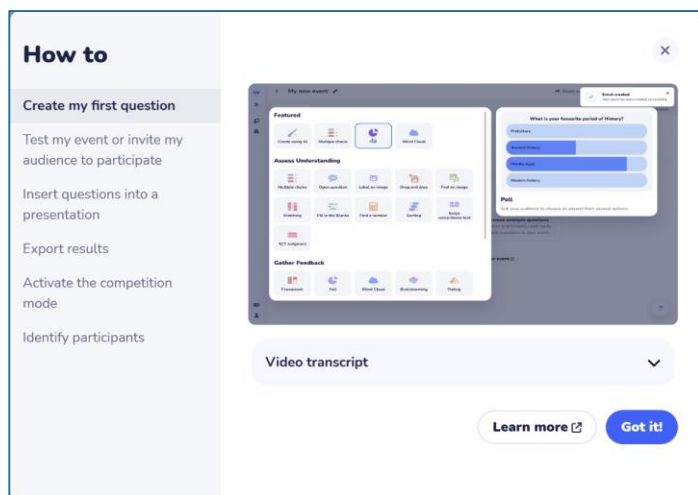

## How to

- Create my first question
- Test my event or invite my audience to participate
- Insert questions into a presentation
- Export results
- Activate the competition mode
- Identify participants

## Find more in Help Center

# Jautājuma izveide I

Izvēloties jautājuma veidu, tiek parādīts arī aptuvenš rezultāts.

The screenshot displays the Wooclap question creation interface. It is organized into several sections:

- Featured:** A row of five question type icons: 'Create using AI' (pencil and lightning bolt), 'Multiple choice' (list with checkmarks and crosses), 'Poll' (pie chart), 'Word Cloud' (cloud icon, highlighted with a blue border), and an unlabeled icon.
- Assess Understanding:** A grid of question types: 'Multiple choice', 'Open question' (speech bubble), 'Label an image' (image with label), 'Drag and drop' (image with arrows), 'Find on image' (image with magnifying glass), and 'Matching' (two columns of items).
- Gather Feedback:** A row of question types: 'Fill in the Blanks' (text box), 'Find a number' (calculator), 'Sorting' (arrows and boxes), 'Script concordance test' (script icon), and 'SCT Judgment' (script icon).

On the right side, a preview of a word cloud is shown for the question: "How do you feel after today's session?". The word cloud contains the following words: "invigorated", "eager", "empowered", "relaxed", "Inspired", "curious", and "Motivated". Below the word cloud, the text reads: "Word Cloud Organize your participants' answers in a dynamic layout." At the bottom of the preview, there is a section for "Import questions" with the text: "Reuse questions from other events or import them from external tools."

# Jautājuma izveide II

The screenshot shows the 'Create a Rating' interface in the Wooclap app. The interface is divided into several sections:

- Header:** A 'Back' button on the left and a 'See examples' button on the right. An annotation 'Apskatīt piemērus' (View examples) with a green arrow points to the 'See examples' button.
- Question Title:** A section titled 'Create a Rating' with the subtitle 'Enter the question you want to ask your audience'. The main title is 'Jautājums ar AS' (Question with AS). Below it is a text input field with the placeholder 'Raksti jautājuma tekstu!' (Write the question text!). An annotation 'Lauks jautājuma tekstam' (Field for question text) with a green arrow points to this input field.
- Example:** Below the input field is an example: 'e.g.: rate the following elements from 1 to 5 (1 = I strongly disagree - 5 = I strongly agree):'.
- Propositions:** A section titled 'Propositions' with the subtitle 'Enter the elements your audience must rate'. It contains three input fields for propositions:
  - Element 1: 'Apgalvojums 1' (Proposition 1). Example: 'The conference was organized well'.
  - Element 2: 'Apgalvojums 2' (Proposition 2). Example: 'The Wi-Fi was good'.
  - Element 3: 'Apgalvojums 3' (Proposition 3). Example: 'The speakers were interesting'. This element is highlighted with a blue border. An annotation 'Dzēst apgalvojumu' (Delete proposition) with a green arrow points to the delete icon (trash can) next to this element. Another annotation 'Apgalvojumi (to skaitu var pielāgot!)' (Propositions (can be adjusted to numbers!)) with a green arrow points to the text of this element.
- Rating Scale:** On the right side, there is a 'Rating' section showing a 5-point scale. An annotation 'Maksimālā atzīme' (Maximum score) with a green arrow points to the scale. Below the scale, there is a 'Maximum score' section with a text input field containing '5' and '+' and '-' buttons. Below that is a 'Timer' section with a toggle switch and the text 'If checked, a timer will automatically start when a question is displayed.' An annotation 'Uzstādīt taimeru uzdevuma izpildei' (Set timer for task completion) with a green arrow points to the timer section.
- Bottom:** A 'Cancel' button on the left, a 'Save' button in the middle, and a 'Display now' button on the right.

?

# Respondentu atbilžu anulēšana

Respondentu atbildes var anulēt, nedzēšot pašu jautājumu.

The screenshot displays the Wooclap event management interface. At the top, there is a navigation bar with a back arrow, the event title "My new event", and options for "Share event", "Settings", and a "Start event" button. Below this, there are tabs for "LIVE SESSION" and "SELF-PACED SESSION", along with an "Add presentation" button. The main content area features a "New question" button, "Import questions" (with a lightning bolt icon), and "Examples gallery". A "Join this Wooclap event" link is visible. A list of questions is shown, with the first question selected. A dropdown menu is open for the selected question, listing actions: "Export", "Duplicate", "Copy direct link", "Copy iframe code (embed)", "Reset" (highlighted with a red border), and "Delete". A help icon (?) is located at the bottom right of the dropdown menu.

# Sesiju sagatavošana

Var sagatavot vairākas jautājumu sesijas ar dažādiem pieslēgšanas kodiem.

The screenshot displays the Wooclap interface for event preparation. It features a sidebar with navigation icons, a main content area with a 'Get inspired by a template' section, and a 'My events (3)' section. The template section includes five options: 'Quick and fun geography quiz', 'World Capitals Quiz with Wooclap', 'Introduce yourself as a teacher', 'Are your students ready for your exam?', and 'Icebreakers for large groups'. The 'My events (3)' section shows a list of three events, each with a unique code and a date of 05 Apr 2026. A search bar and a 'Sort by Most recent' dropdown are also visible.

**Get inspired by a template** Show all templates

- Quick and fun geography quiz
- World Capitals Quiz with Wooclap
- Introduce yourself as a teacher
- Are your students ready for your exam?
- Icebreakers for large groups
