CREATIVE PROJECT

UK comprises England, Scotland, Wales, and Northern Ireland.

WORK IN GROUPS

1. Find the information and create a narrative in an interesting, original manner, for example, you are a tour guide and your teammates are tourists, acquaint them with specific facts, famous people etc.

In your narrative include countries':

- ✚ General information (capital, area, population, currency, languages)
- ✚ History
- ✚ Economics/politics
- ✚ Education
- ✚ Traditions
- ✚ People
- ✚ Places
- ✚ Interesting facts
- ✚ Events/Festivals

2. Create an outline of the country from paper. Mark the essential, important information in the outline, design it in a neat, understandable way.
